

Thank you for your sponsorship consideration for our 2nd Annual Warren County Farmers' Fair **No Strings Attached Barrel Race!**

This event will be held during OPENING DAY, July 25th 2026, of the Warren County Farmers' Fair, which is a great opportunity to showcase your business to thousands of locals!

To offer some insight into the exposure your business could receive, last year there was 58,000+ spectators during the week, with the busiest days being Saturdays.*

The first Saturday of 2025, which is the day of our event, generated an impressive 11,000+ in pedestrian traffic.*

Additionally, we also had over 100 competitors in attendance for our event, the most an equine event at the WCFF has seen in close to a decade!

We expect 2026 to be bigger, better, and even more successful than 2025, and we would be incredibly grateful for your support of this event, while also getting the chance to connect business owners to local competitors, spectators, and community members!
